when worn with the SPACE-R™ (included) **REGULAR**

MADE IN CANADA 

Designed for sectors such as **smelting and metallurgy**, this Canadian-made 8 inch boot complies with the highest industry standards. Features include a slip and heat-resistant rubber outsole, the new THORAX[®] internal metatarsal protection technology, a premium KEVLAR[®] thread, superior shock absorption for long-term comfort, and a more rigid and stable sole design to reduce the risk of ankle torsion.

UPPER

- 1 Water and flame resistant full grain leather
- 2 Flame resistant K2™ KEVLAR[®] threads
- 3 Ultra-resistant TPU PARESHOK™ sewn bumper toe
- 4 Ultra-durable nonwoven TAIBRELLE[®] lining

SOLE

- 5 New XSPAN 2.0™ rubber outsole technology, ultra-resistant to heat, abrasion and slippage
- 6 Direct-injection PU midsole, lightweight and with superior shock absorption
- 7 Extended front sole shape for enhanced durability and shock absorption
- 8 Dual-density insole made of low-density PU and ORTHOLITE[®] foam
- 9 Additional SPACE-R™ flat comfort insole for a customizable fit

PROTECTION FEATURES

- 10 THORAX[®] patent-pending metatarsal protection, flexible, comfortable and offering protection for the top of the foot
- 11 NANOTOE[®] carbon fiber protective toecap
- 12 Non-metallic puncture-resistant insole
- 13 Protection against electrical hazards
