Developed for the **general construction** sector, this 10" pull on Wellington boot meets the highest industry standards. Among its many features are an outsole offering high levels of grip and durability, an inverted-T construction at the rear of the boot for easy foot insertion, a heel pad that keeps the foot in place while reducing friction, and a comfortable, breathable outsole.

UPPER

- 1 Saline treated crazy-horse waterproof leather
- 2 Elastane EXPANDE-R™ technology, to ease donning and doffing

SOLE

- 3 Additional SPACE-R™ flat comfort insole for a customizable fit
- 4 VIBRAM® TC4+ rubber outsole for added traction and durability
- 5 Dual-density REVOLT® insole made of low-density PU and ORTHOLITE foam
- 6 Flexible, direct-attach PU welt midsole (patented)
- 7 Dual density sole with composite shank for improved arch support

PROTECTION FEATURES

- 8 Nanotoe® carbon fiber protective toe cap
- 9 Non-metallic puncture-resistant insole
- 10 Protection against electrical hazards
